What would you and they and you like to see happening in their lives?

Thinking about PfA and getting a job....
What is life like for your young person now?

What excites and motivates your young person?

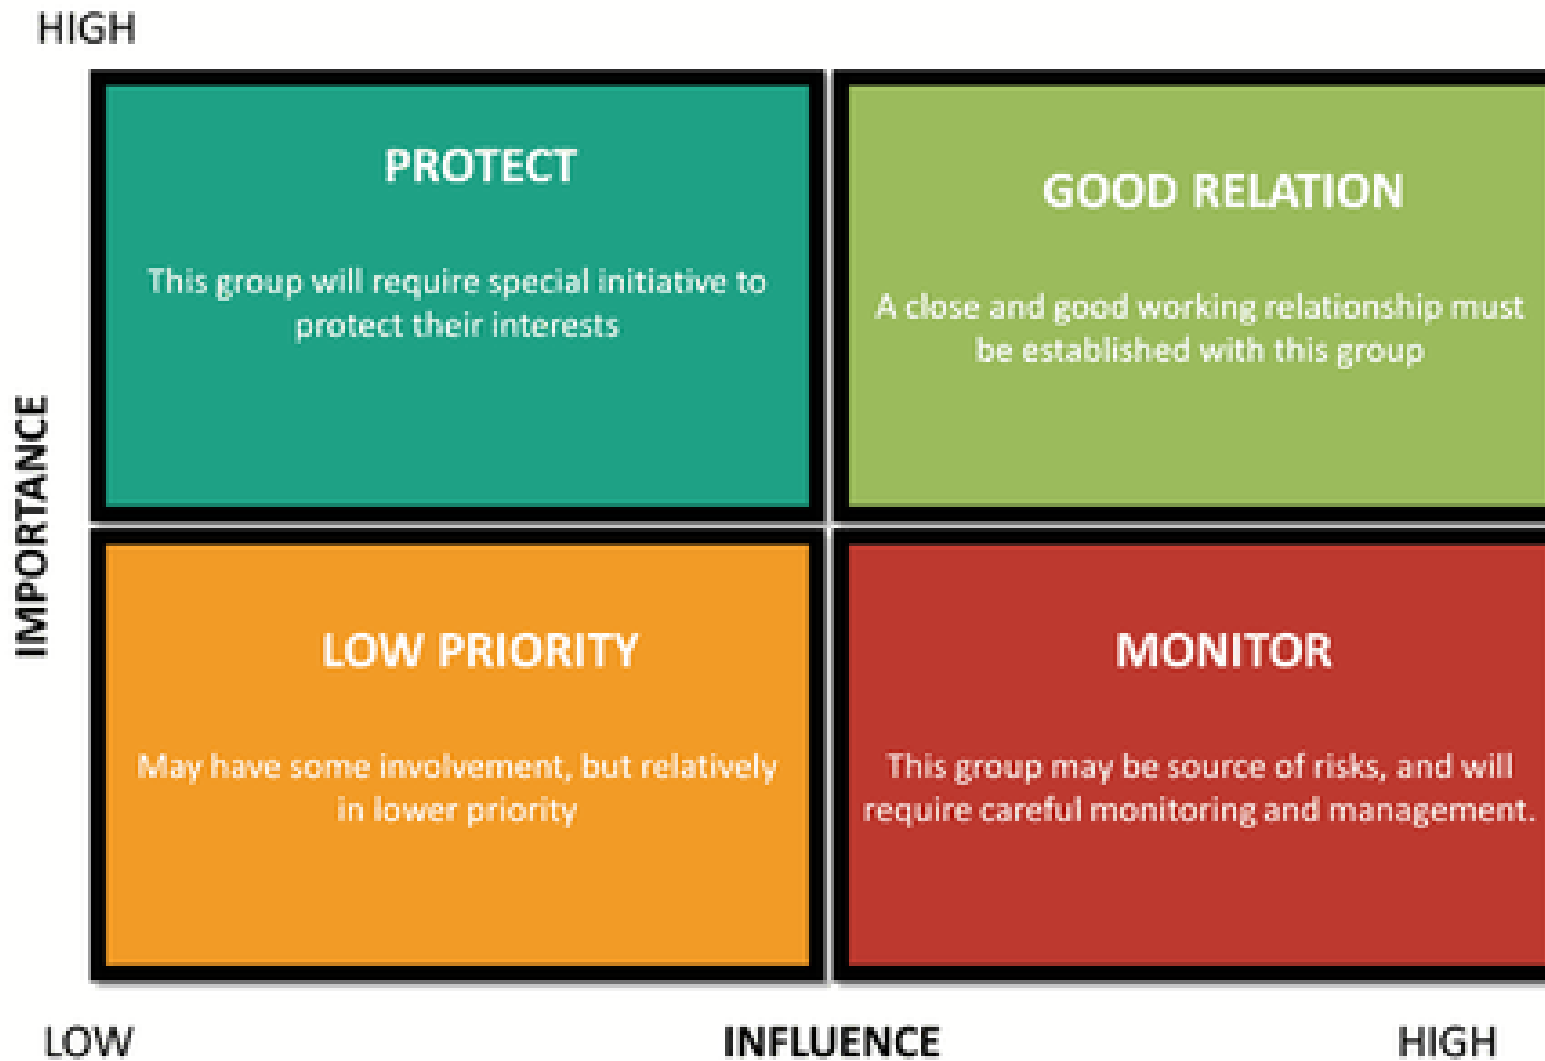

What unique gifts and talents do they have?

What additional skills, experience or knowledge may they need?

What support may they need - how may they get it?

Who are the key partners / people who can help your young person achieve their employment dreams?

What are the potential barriers to your young persons employment dreams becoming a reality?

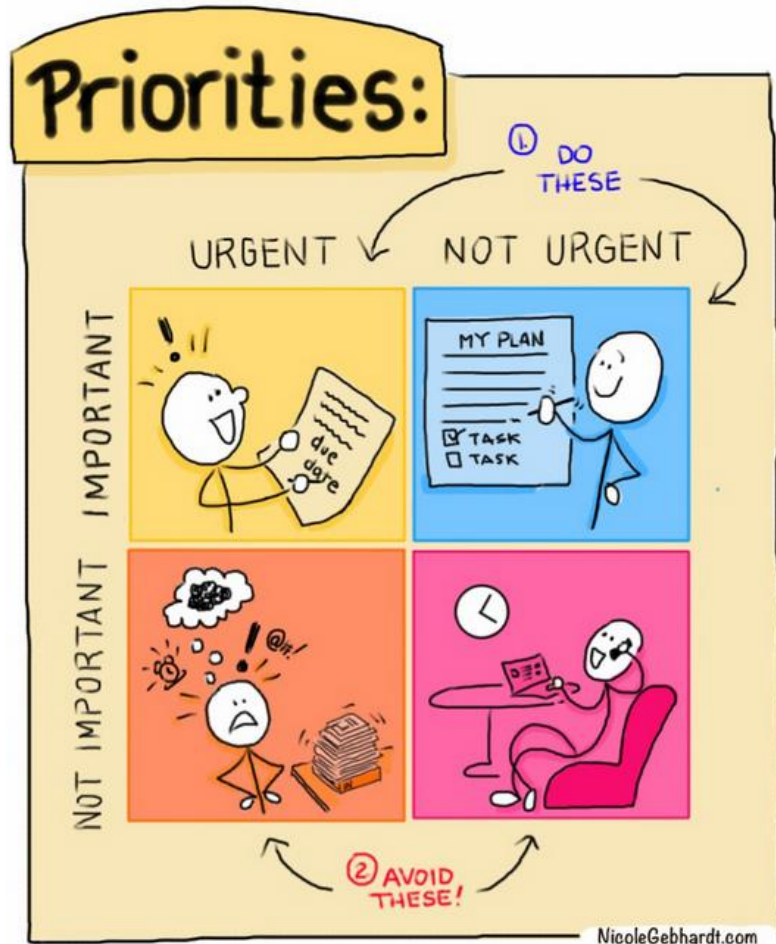

BARRIERS

Keeping strong

What supports will you need to keep your plan on track?

Short-term goals: What do you want to achieve in the next 3-6 months?

A wooden walkway with railings leading up a hill against a blue sky. The walkway is made of wooden planks and has a wooden railing on both sides. The railing consists of vertical posts and horizontal rails. The sky is a clear, light blue color. The walkway leads up a hill, and the railing follows the curve of the path.

First steps: What will your first steps be following today?

Who will take responsibility for your first steps?

How soon will you achieve them?

How will you keep each other updated?

What's your

WORD?

thank you
