Social Care Future is a gathering of more than 300 people across two Manchester venues - Friends Meeting House and the People's History Museum. From the programme below you will note that after the launch at Friends, some sessions will be running at the same time so you will need to decide what you want to take part in. The distance between the two venues is about a 10 minute walk, we will provide maps and assistance to get between the venues if you should need it. See the guide for the workshop and action session details. There will be some 'open space' sessions during the gathering making sure there is some time and space for people to decide other things they want to talk about and explore

Day one – 14th November 2018

Sessions taking place at the Friends meeting house are in **yellow**Sessions taking place at the People's History Museum are in **green**

Occident taking place at the reopic or notery indocam are in green
